

1A. Continuum of Care (CoC) Identification

Instructions:

The fields on this screen are read only and reference the information entered during the CoC Registration process. Updates cannot be made at this time.

CoC Name and Number (From CoC Registration): OH-507 - Ohio Balance of State CoC

CoC Lead Organization Name: Ohio Department of Development

1B. Continuum of Care (CoC) Primary Decision-Making Group

Instructions:

The following questions pertain to the primary decision-making group. The primary responsibility of this group is to manage the overall planning effort for the CoC, including, but not limited to, the following types of activities: setting agendas for full Continuum of Care meetings, project monitoring, determining project priorities, and providing final approval for the CoC application submission. This body is also responsible for the implementation of the CoC's HMIS, either through direct oversight or through the designation of an HMIS implementing agency. This group may be the CoC Lead Agency or may authorize another entity to be the CoC Lead Agency under its direction.

Name of primary decision-making group: Ohio Balance of State Continuum of Care Advisory Committee

Indicate the frequency of group meetings: Quarterly

Indicate the legal status of the group: Not a legally recognized organization

Specify "other" legal status:

Indicate the percentage of group members that represent the private sector: (e.g., non-profit providers, homeless or formerly homeless persons, advocates and consumer interests) 64%

*** Indicate the selection process of group members: (select all that apply)**

Elected:	<input type="checkbox"/>
Assigned:	<input checked="" type="checkbox"/>
Volunteer:	<input checked="" type="checkbox"/>
Appointed:	<input type="checkbox"/>
Other:	<input type="checkbox"/>

Specify "other" process(es):

Briefly describe the selection process including why this process was established and how it works.

Due to the size of the Ohio Balance of State (BOS), members are assigned or volunteer based on geography, the program with which they are involved, the sub-population they serve and whether they represent a public or private sector organization. This process was established to ensure an equitable distribution and representation of different areas of the State, the various programs and different sub-populations. Yearly, the co-chairs of the BOS review the advisory committee composition to determine if there is equitable representation. As needed, additional committee members are added to balance the committee. If members are needed, the co-chairs of the BOS send out notices to listservs and solicit interest. Those interested are then brought before the advisory committee and voting takes place to fill the vacancies.

*** Indicate the selection process of group leaders:
(select all that apply):**

Elected:	<input type="checkbox"/>
Assigned:	<input checked="" type="checkbox"/>
Volunteer:	<input checked="" type="checkbox"/>
Appointed:	<input type="checkbox"/>
Other:	<input type="checkbox"/>

Specify "other" process(es):

If HUD could provide administrative funds to the CoC, would the primary decision-making body, or its designee, have the capacity to be responsible for activities such as applying for HUD funding and serving as the grantee, providing project oversight, and monitoring? Explain.

No, not at this time. This process would be too cumbersome for the 80 counties that comprise the Ohio Balance of State. For this CoC, the process of each project being responsible directly to HUD for oversight and grant monitoring works best. To have those activities being directed at the BOS level would create an administrative strain for both the state and the providers involved.

1C. Continuum of Care (CoC) Committees, Subcommittees and Work Groups

Continuum of Care (CoC) Committees, Subcommittees and Work Groups Detail

Provide information on each established committee that is part of the CoC organizational structure and involved in the planning process.

Name of Committee/Sub-Committee/Work Group: Steering Committee

Indicate the frequency of group meetings: Quarterly

Describe the role of this group:

Train potential applicants on completing the CoC application; coordinate the collection and completion of information needed for the CoC application; prepare all details of the application for review of the Advisory Committee; review all applications and create a draft ranking order for Advisory Committee review; and coordinate meetings and trainings throughout the year to improve the BOSCoC.

Continuum of Care (CoC) Committees, Subcommittees and Work Groups Detail

Provide information on each established committee that is part of the CoC organizational structure and involved in the planning process.

Name of Committee/Sub-Committee/Work Group: The Ohio Balance of State HMIS Core Group

Indicate the frequency of group meetings: Bi-monthly

Describe the role of this group:

The HMIS Core Group coordinates statewide HMIS training and data collection for all balance of state grant recipients; organizations receiving state funding for emergency shelter, transitional housing and permanent supportive housing; and other organizations opting to participate in the BOS HMIS.

Continuum of Care (CoC) Committees, Subcommittees and Work Groups Detail

Provide information on each established committee that is part of the CoC organizational structure and involved in the planning process.

Name of Committee/Sub-Committee/Work Group: The Interagency Council on Homelessness and Affordable Housing (ICHAH)

Indicate the frequency of group meetings: Quarterly

Describe the role of this group:

The Interagency Council serves as the Governors planning and policy development body regarding statewide strategies to address homelessness prevention and related housing issues.

Continuum of Care (CoC) Committees, Subcommittees and Work Groups Detail

Provide information on each established committee that is part of the CoC organizational structure and involved in the planning process.

Name of Committee/Sub-Committee/Work Group: The Policy Committee of the ICHAH

Indicate the frequency of group meetings: Monthly or more

Describe the role of this group:

Reviews and recommends policy changes that affect all levels of homelessness and affordable housing in Ohio to the Interagency Council. Oversees the work of the six work groups: Chronic Homelessness, Access to Housing, Mainstream Resources, Family and Youth Homelessness, Research and Planning, Systems Transition and Discharge Protocol.

Continuum of Care (CoC) Committees, Subcommittees and Work Groups Detail

Provide information on each established committee that is part of the CoC organizational structure and involved in the planning process.

Name of Committee/Sub-Committee/Work Group: The Chronic Homeless Workgroup

Indicate the frequency of group meetings: Bi-monthly

Describe the role of this group:

The subcommittee focuses on issues surrounding chronically homeless persons in Ohio and makes recommendations to reduce the level of chronically homeless in the state.

Continuum of Care (CoC) Committees, Subcommittees and Work Groups Detail

Provide information on each established committee that is part of the CoC organizational structure and involved in the planning process.

Name of Committee/Sub-Committee/Work Group: The Family and Youth Homelessness Workgroup

Indicate the frequency of group meetings: Bi-monthly

Describe the role of this group:

This subcommittee focuses on issues involving families and youth who are experiencing homelessness in Ohio and makes recommendations to the Interagency Council.

Continuum of Care (CoC) Committees, Subcommittees and Work Groups Detail

Provide information on each established committee that is part of the CoC organizational structure and involved in the planning process.

Name of Committee/Sub-Committee/Work Group: The Mainstream Resources Workgroup

Indicate the frequency of group meetings: Bi-monthly

Describe the role of this group:

The workgroup's role is to increase access by homeless and potentially homeless persons to mainstream benefits and to make recommendations for the same to the Interagency Council.

Continuum of Care (CoC) Committees, Subcommittees and Work Groups Detail

Provide information on each established committee that is part of the CoC organizational structure and involved in the planning process.

Name of Committee/Sub-Committee/Work Group: The Access to Housing Workgroup

Indicate the frequency of group meetings: Bi-monthly

Describe the role of this group:

This subcommittee focuses on issues regarding accessibility of housing to persons who are homeless or who have a physical impairment. They also bring forth policy recommendations to the Interagency Council for this same population.

Continuum of Care (CoC) Committees, Subcommittees and Work Groups Detail

Provide information on each established committee that is part of the CoC organizational structure and involved in the planning process.

Name of Committee/Sub-Committee/Work Group: The Research and Planning Workgroup

Indicate the frequency of group meetings: Quarterly

Describe the role of this group:

This group is responsible for providing current, relevant and evidence based research for serving homeless individuals. The group also helps to synthesize statewide data sets into usable formats. Lastly, the workgroup has been charged with producing yearly reports to the Interagency Council and a final plan for addressing homelessness in Ohio.

Continuum of Care (CoC) Committees, Subcommittees and Work Groups Detail

Provide information on each established committee that is part of the CoC organizational structure and involved in the planning process.

Name of Committee/Sub-Committee/Work Group: The Systems Transition and Discharge Protocol Workgroup

Indicate the frequency of group meetings: Bi-monthly

Describe the role of this group:

This subcommittee is working with institutional systems in Ohio to eliminate the discharge of persons to homelessness. Policy recommendations are brought forth as needed to reduce inappropriate discharges.

Continuum of Care (CoC) Committees, Subcommittees and Work Groups Detail

Provide information on each established committee that is part of the CoC organizational structure and involved in the planning process.

Name of Committee/Sub-Committee/Work Group: The Ohio Olmstead Task Force

Indicate the frequency of group meetings: Quarterly

Describe the role of this group:

This group is comprised of consumers and advocates focused on long term supports and services for the frail and elderly as well as Ohioans with disabilities. One outcome of the group is to ensure the preservation and expansion of affordable housing for these populations.

Continuum of Care (CoC) Committees, Subcommittees and Work Groups Detail

Provide information on each established committee that is part of the CoC organizational structure and involved in the planning process.

Name of Committee/Sub-Committee/Work Group: The Consolidated Plan Advisory Committee

Indicate the frequency of group meetings: Semi-annually

Describe the role of this group:

This group meets to decide how CDBG, HOME, Emergency Shelter, HOPWA and Ohio Housing Trust Funds are going to be distributed in the coming year. The group also reviews/approves appropriate performance measures pertaining to ending chronic homelessness.

Continuum of Care (CoC) Committees, Subcommittees and Work Groups Detail

Provide information on each established committee that is part of the CoC organizational structure and involved in the planning process.

Name of Committee/Sub-Committee/Work Group: BOS CoC Advisory Committee

Indicate the frequency of group meetings: Quarterly

Describe the role of this group:

This group's primary responsibility includes managing the overall planning effort of the CoC; formulating responsibilities of the CoC groups; approving plans for ongoing and annual training; and providing final approval for project ranking and submission.

1E. Continuum of Care (CoC) Project Review and Selection Process

The CoC should solicit and select projects in a fair and impartial manner. For each of the following sections, select the appropriate items that indicate all of the methods and processes the CoC used in the past year to assess all new and renewal projects performance, effectiveness, and quality.

**Open Solicitation Methods:
(select all that apply)** b. Letters/Emails to CoC Membership, c. Responsive to Public Inquiries, d. Outreach to Faith-Based Groups, e. Announcements at CoC Meetings, f. Announcements at Other Meetings

**Rating and Performance Assessment Measure(s):
(select all that apply)** a. CoC Rating & Review Committee Exists, b. Review CoC Monitoring Findings, c. Review HUD Monitoring Findings, d. Review Independent Audit, e. Review HUD APR for Performance Results, f. Review Unexecuted Grants, g. Site Visit(s), h. Survey Clients, i. Evaluate Project Readiness, j. Assess Spending (fast or slow), k. Assess Cost Effectiveness, l. Assess Provider Organization Experience, m. Assess Provider Organization Capacity, n. Evaluate Project Presentation, o. Review CoC Membership Involvement, p. Review Match, r. Review HMIS participation status

**Voting/Decision Method(s):
(select all that apply)** a. Unbiased Panel/Review Committee, b. Consumer Representative Has a Vote, c. All CoC Members Present Can Vote, d. One Vote per Organization, e. Consensus (general agreement), f. Voting Members Abstain if Conflict of Interest

1F. Continuum of Care (CoC) Housing Inventory--Change in Beds Available

For each housing type, indicate if there was an increase or reduction in the total number of beds in the 2008 electronic Housing Inventory Chart (e-HIC) as compared to the 2007 Housing Inventory Chart. If there was a change, please describe the reasons in the space provided for each housing type.

Emergency Shelter: Yes

Briefly describe the reasons for the change:

The primary reason for the decrease in shelter beds is due to the Balance of State (BOS) implementing new intensive, more accurate methods and procedures for identifying and determining the actual number of shelter beds. The Ohio Balance of State Continuum of Care (Ohio BOSCoC) took a multifaceted approach to assuring the accuracy of the data for the Housing Inventory Chart this year. For the first time, all nine Ohio Continua of Care participated in a statewide point-in-time count on January 29, 2008. This included eight entitlement CoC and the Ohio BOSCoC. Each local continuum within the Ohio BOSCoC submitted their local data and it was compiled by staff at the Coalition on Homelessness and Housing in Ohio (COHHIO). This information was compared to the appropriate HMIS data. After reviewing this data for accuracy and discrepancies, COHHIO staff contacted local continua and agencies within the BOS to assure that correct numbers from the point-in-time count were used. COHHIO staff obtained data from local continua and/or agencies that did not complete a point-in-time count regarding the number served on January 29, 2008 so that data could also be included.

Prior to the release of the e-SNAPS application, a draft Housing Inventory Chart was emailed to the local Continuum of Care/housing coalition leaders requesting that they complete the chart. Since the draft did not completely match the final version, agencies provided additional information needed prior to the completion of the chart. These charts were evaluated for completeness and accuracy and then checked against the 2007 Housing Inventory Chart. Any inconsistencies were resolved by interviewing providers about how they defined individual beds, family beds, and family units; assuring that only beds designated for homeless persons were included; and assuring that HUDs definition of homeless was used in determining eligible participants.

COHHIO staff presented a Continuum of Care Grant Application training on August 7, 2008. Ohio BOSCoC participants received a copy of the 2007 Housing Inventory Charts to review and make any necessary changes. Participants either completed the review at the training or sent necessary changes after confirming with other local continuum members.

Special effort was also made to reach out to the domestic violence shelter providers in the Ohio BOSCoC counties to obtain data on number of beds/units and point-in-time count data.

Following the review, it was found that in the past, several agencies had counted beds/units that were not specifically designated for homeless persons. In some cases, there were residential treatment facilities, not designated for homeless persons, being counted. There were some providers listed that were no longer providing emergency shelter/services or providing reduced amounts due to decreases in funding. Also, there were some shelters listed multiple times under different names (i.e. the agency's official name and names under which the agency was doing business or known locally). These duplications were deleted. After deleting beds that were not strictly dedicated to homeless persons, the Ohio BOSCoC's total emergency shelter bed count decreased from 2,237 in 2007 to 2,117 in 2008 -- a decrease of 120 beds.

Safe Haven Bed: Yes

Briefly describe the reasons for the change:

The Safe Haven beds noted on this year's inventory chart had been under development on last year's inventory chart. It is now on the current inventory and has been noted on the Safe Haven tab. There are currently 10 safe haven beds in the Ohio BOSCoC.

Transitional Housing: Yes

Briefly describe the reasons for the change:

The primary reason for the decrease in transitional housing beds is due to the Balance of State (BOS) implementing new intensive, more accurate methods and procedures for identifying and determining the actual number of transitional housing beds. The Ohio Balance of State Continuum of Care (Ohio BOSCoC) took a multifaceted approach to assuring the accuracy of the data for the Housing Inventory Chart this year. For the first time, all nine Ohio Continua of Care participated in a statewide point-in-time count on January 29, 2008. This included eight entitlement CoC and the Ohio BOSCoC. Each local continuum within the Ohio BOSCoC submitted their local data that was compiled by staff at the Coalition on Homelessness and Housing in Ohio (COHHIO). This information was compared to the appropriate HMIS data. After reviewing this data for accuracy and discrepancies, COHHIO staff contacted local continua and agencies in the BOS to assure that correct numbers from the point-in-time count were used. COHHIO staff obtained data from local continua and/or agencies that did not complete a point-in-time count regarding the number served on January 29, 2008 so that data could also be included.

Prior to the release of the e-SNAPS application, a draft Housing Inventory Chart was emailed to the local Continuum of Care/housing coalition leaders requesting that they complete the chart. Since the draft did not completely match the final version, agencies provided additional information needed prior to the completion of the chart. These charts were evaluated for completeness and accuracy and then checked against the 2007 Housing Inventory Chart. Any inconsistencies were resolved by interviewing providers about how they defined individual beds, family beds, and family units; assuring that only beds designated for homeless persons were included; and assuring that HUDs definition of homeless was used in determining eligible participants.

COHHIO staff presented a Continuum of Care Grant Application training on August 7, 2008. Ohio BOSCoC participants received a copy of the 2007 Housing Inventory Charts to review and make any necessary changes. Participants either completed the review at the training or sent necessary changes after confirming with other local continuum members.

Special effort was also made to reach out to the domestic violence transitional housing providers in the Ohio BOSCoC counties to obtain data on number of beds/units and point-in-time count data.

Following the review, it was found that in the past, several agencies had counted beds/units that were not specifically designated for homeless persons. In some cases, there were projects (i.e. residential treatment facilities), not designated for homeless persons, being counted. There were also some providers listed that were no longer providing transitional housing or providing reduced levels due to decreases in funding. Also, there were some transitional housing programs listed multiple times under different names (i.e. the agency's official name and names under which the agency was doing business or known locally). These duplications were deleted. Two agencies changed their programs scope to a permanent supportive housing model based on local needs; hence, those units were reclassified. Following increased training on proper identification of units/beds to be included in the Housing Inventory Chart, local continua removed previously listed units/bed that did not meet HUD's definitions. After deleting beds that were not specifically dedicated to homeless persons, the Ohio BOSCoC's total transitional housing beds count decreased from 2,459 in 2007 to 1,411 in 2008 -- a decrease of 1,048.

Permanent Housing: Yes

Briefly describe the reasons for the change, including changes in beds designated for chronically homeless persons:

The primary reason for the decrease in shelter beds is due to the Balance of State (BOS) implementing new intensive, more accurate methods and procedures for identifying and determining the actual number of permanent supportive housing units/beds. The Ohio Balance of State Continuum of Care (Ohio BOSCoC) took a multifaceted approach to assuring the accuracy of the data for the Housing Inventory Chart this year. For the first time, all nine Ohio Continua of Care participated in a statewide point-in-time count on January 29, 2008. This included eight entitlement CoC and the Ohio BOSCoC. Each local continuum within the Ohio BOSCoC submitted their local data and it was compiled by staff at the Coalition on Homelessness and Housing in Ohio (COHHIO). This information was compared to the appropriate HMIS data. After reviewing this data for accuracy and discrepancies, COHHIO staff contacted local continua and agencies within the BOS to assure that correct numbers from the point-in-time count were used. COHHIO staff obtained data from local continua and/or agencies that did not complete a point-in-time count regarding the number served on January 29, 2008 so that data could also be included.

Prior to the release of the e-SNAPS application, a draft Housing Inventory Chart was emailed to the local Continuum of Care/housing coalition leaders requesting that they complete the chart. Since the draft did not completely match the final version, agencies provided additional information needed prior to the completion of the chart. These charts were evaluated for completeness and accuracy and then checked against the 2007 Housing Inventory Chart. Any inconsistencies were resolved by interviewing providers about how they defined individual beds, family beds, and family units; assuring that only beds designated for homeless persons were included; and assuring that HUDs definition of homeless was used in determining eligible participants.

COHHIO staff presented a Continuum of Care Grant Application training on August 7, 2008. Ohio BOSCoC participants received a copy of the 2007 Housing Inventory Charts to review and make any necessary changes. Participants either completed the review at the training or sent necessary changes after confirming with other local continuum members.

Following the review, it was found that several agencies had previously included beds/units that were not specifically designated for homeless persons. In some cases, there were residential treatment facilities, group homes, and affordable housing units (i.e. public housing and Section 811) not designated for homeless persons being counted. There were some providers listed that were no longer providing permanent housing to homeless persons. Programs that had been incorrectly classified were corrected or removed from the Housing Inventory Chart completely. After deleting beds that were not specifically dedicated to homeless persons, the Ohio BOSCoC's total permanent supportive housing beds count decreased from 2,302 in 2007 to 1,106 in 2008 -- a decrease of 1,196 beds.

Another result of this process was a reduction in the number of beds for chronically homeless persons resulting in a more accurate reflection of what is actually available in the BoS. Some providers had counted the number of chronically homeless persons staying in the beds at the time of the point-in-time count as their number of chronically homeless beds rather than the number of beds specifically dedicated for chronically homeless persons. In addition, some providers previously included beds not specifically dedicated for this population. These factors had a significant impact on the total number of beds dedicated to persons who are chronically homeless. Therefore, the majority of the chronically homeless beds noted in the 2007 chart should never have been

noted as such.

CoC certifies that all beds for homeless persons are listed in the e-HIC regardless of HMIS participation and HUD funding: Yes

1G. Continuum of Care (CoC) Housing Inventory Chart

Document Description: Ohio Balance of State e-HIC

1H. Continuum of Care (CoC) Housing Inventory Chart (HIC) - Data Sources and Methods

Instructions:

For additional instructions, refer to the detailed instructions available on the left menu bar.

Complete the following information based on data collection methods and reporting for the electronic Housing Inventory Chart (e-HIC), including Unmet need determination. The date on which the bed inventory was completed should be one day during the last ten days of January 2008.

Indicate the date on which the housing inventory count was completed: 10/02/2008
(mm/dd/yyyy)

Indicate the type of data or methods used to complete the housing inventory count: HMIS plus housing inventory survey
(select all that apply)

Indicate the steps taken to ensure data accuracy for the Housing Inventory Chart: Instructions, Training, Updated prior housing inventory information, Follow-up, Confirmation, HMIS
(select all that apply)

Must specify other:

Indicate the type of data or method(s) used to determine unmet need: Local studies or non-HMIS data sources, HUD unmet need formula, Unsheltered count, Housing inventory, Provider opinion through discussion or survey forms
(select all that apply)

Specify "other" data types:

If more than one method was selected, describe how these methods were used.

For the first time, Ohio's Continuum of Care (CoC) and communities were encouraged to conduct their Point-in-Time Counts on the same day, January 29, 2008, and submit their data to the Coalition on Homelessness and Housing in Ohio (COHHIO) for statewide data compilation. This was Ohio's initial attempt at a "statewide" count of sheltered and unsheltered homeless persons. During the collection of data for the point-in-time and housing inventory charts, COHHIO staff were able to discuss community needs with local providers. Reviewing the unsheltered homeless count data and the current housing inventory data, COHHIO was able to utilize this data along with HUD's unmet need formula, national studies and local reports to determine our Balance of State's unmet needs in the various homeless program categories.

2A. Homeless Management Information System (HMIS) Implementation

Intructions:

For additional instructions, refer to the detailed instructions available on the left menu bar.

CoCs should complete the following information in conjunction with the HMIS Lead Agency. All information is to be as of the date this application is submitted.

Select the HMIS implementation type: Single CoC

Select the CoC(s) covered by the HMIS: OH-507 - Ohio Balance of State CoC
(select all that apply)

Does the CoC Lead Organization have a written agreement with HMIS Lead Organization? No

If yes, the agreement (e.g., contract, Memorandum of Understanding, etc.) must be submitted with the application.

Is the HMIS Lead Organization the same as CoC Lead Organization? Yes

Has the CoC selected an HMIS software product? Yes

If "No" select reason:

If "Yes" list the name of the product: ServicePoint

What is the name of the HMIS software company? Bowman, Inc.

Does the CoC plan to change HMIS software within the next 18 months? No

Is this an actual or anticipated HMIS data entry start date? Actual Data Entry Start Date

Indicate the date on which HMIS data entry started (or will start): 10/21/2003
(format mm/dd/yyyy)

Indicate the challenges and barriers impacting the HMIS implementation: No or low participation by non-HUD funded providers, Inadequate bed coverage for AHAR participation
(select all the apply):

If "None" was selected, briefly describe why CoC had no challenges or how all barriers were overcome:

Briefly describe the CoC's plans to overcome challenges and barriers:

The Ohio Balance of State CoC (BoSCoC) continues attempts to bring non-HUD funded providers onto HMIS. The state is expanding mandated HMIS participation to state-funded homeless assistance programs and encouraging participation of agencies that may not exclusively serve homeless populations, but do serve homeless persons. In addition, the BOS is educating local communities on the advantages of using HMIS for reporting to any funder from which they receive funds as well as for improving the effectiveness of their program. To improve bed coverage, the BOS is instituting programmatic monitoring standards that should help increase provider's awareness of expectations. The level of participation is now a review criteria in the state's Homeless Assistance Grant Program which provides funding for emergency shelters, transitional housing, permanent supportive housing and homelessness prevention. This has resulted in a sharp increase in requests for technical assistance pertaining to HMIS compliance.

Attachment Details

Document Description:

2B. Homeless Management Information System (HMIS) Lead Organization

Enter the name and contact information for the HMIS Lead Organization.

Organization Name The Ohio Department of Development
Street Address 1 77 S. High St.-24th floor
Street Address 2 PO Box 1001
City Columbus
State Ohio
Zip Code 43215
Format: xxxxx or xxxxx-xxxx
Organization Type State or Local Government
If "Other" please specify

2C. Homeless Management Information System (HMIS) Contact Person

Prefix: Mr
First Name Scott
Middle Name/Initial A.
Last Name Gary
Suffix
Telephone Number: 614-466-9357
(Format: 123-456-7890)
Extension
Fax Number: 614-752-4575
(Format: 123-456-7890)
E-mail Address: Scott.Gary@development.ohio.gov
Confirm E-mail Address: Scott.Gary@development.ohio.gov

2D. Homeless Management Information System (HMIS) Bed Coverage

Instructions:

The 2005 Violence Against Women Act (VAWA) Reauthorization bill restricts domestic violence provider participation in HMIS unless and until HUD completes a public notice and comment process. Until the notice and comment process is completed, HUD does not require nor expect domestic violence providers to participate in HMIS. HMIS bed coverage rates are calculated excluding domestic violence provider beds from the universe of potential beds.

For each housing type, indicate the percentage of the CoC's total beds (bed coverage) in the HMIS.

* Emergency Shelter (ES) Beds	76-85%
* Safe Haven (SH) Beds	86%+
* Transitional Housing (TH) Beds	86%+
* Permanent Housing (PH) Beds	86%+

How often does the CoC review or assess its HMIS bed coverage? Monthly

If bed coverage is 0-64%, describe the CoC's plan to increase this percentage during the next 12 months:

2E. Homeless Management Information System (HMIS) Data Quality

Instructions:

Where the collection of Social Security Numbers is not authorized by law, failure to collect this data element will not competitively disadvantage an application. Additionally, in lieu of the actual SSN, the response categories of "Don't Know" and "Refused" are considered valid response categories, per the HMIS Data and Technical Standards.

For additional instructions, refer to the detailed instructions available on the left menu bar.

Indicate the percentage of unduplicated client records with null or missing values on a day during the last ten days of January 2008.

Universal Data Element	Records with no values (%)	Records where value is refused or unknown (%)
* Social Security Number		3%
* Date of Birth	0%	
* Ethnicity	3%	
* Race	0%	
* Gender	0%	
* Veteran Status	3%	
* Disabling Condition	9%	
* Residence Prior to Program Entry	7%	
* Zip Code of Last Permanent Address		6%
* Name	0%	

Did the CoC or subset of the CoC participate in AHAR 3? Yes

Did the CoC or subset of the CoC participate in AHAR 4? Yes

How frequently does the CoC review the quality of client level data? Monthly

How frequently does the CoC review the quality of program level data? Monthly

Describe the process, extent of assistance, and tools used to improve data quality for participating agencies.

The CoC utilizes application provided report tools. Each agency is instructed to generate the HUD-40118 report at the end of each month and users are trained to evaluate the content of the report for accuracy. Agencies are provided with the Missing and Null data report when monitored by the lead agency or on an annual basis. Agencies with a high percentage of missing or null data are provided monthly updates until their percentages drop to an acceptable level. Lead agency staff have been trained to identify HMIS policy violations. Corrective actions include the agency correcting all errors by a specified date and/or attending additional user training. Additional HMIS technical assistance from the HMIS Core Team is available upon request. With the addition of data quality measures to the state's Homeless Assistance Grant Program, the state has seen tremendous interest from providers in improving their data quality. ODOD will propose adding missing and null information for program data elements to scoring criteria in the state's Homeless Assistance Grant Program application at the October 23, 2008 Consolidated Plan Advisory Committee meeting.

Describe the existing policies and procedures used to ensure that valid program entry and exit dates are recorded in the HMIS.

Beginning in January 2006, per procedure, ODOD began verifying consistency of entry/exit dates in HMIS compared to the client file maintained by the agency. To help increase accuracy and compliance, ODOD added this verification to the responsibilities of program managers during routine monitoring visits. Most agencies participating in the BoS HMIS also receive state funding. Adding this element to the monitoring review results has resulted in greater emphasis on recording the valid program entry and, especially, exit dates. In addition, the HMIS core team continues to conduct this same comparison as well as additional safeguards such as making sure the entry (exit) date matches (or is consistent with) the Release of Information start (end) date, and the entry/exit date is consistent with the date of present homelessness and receipt of housing/services.

2F. Homeless Management Information System (HMIS) Data Usage

Instructions:

For additional instructions, refer to the detailed instructions available on the left menu bar.

Indicate the frequency in which the CoC uses each of the following items:

Data integration/data warehousing to generate unduplicated counts:	Annually
Use of HMIS for point-in-time count of sheltered persons:	Annually
Use of HMIS for point-in-time count of unsheltered persons:	Never
Use of HMIS for performance assessment:	Monthly
Use of HMIS for program management:	Quarterly
Integration of HMIS data with mainstream system:	Annually

2G. Homeless Management Information System (HMIS) Data and Technical Standards

Instructions:

For additional instructions, refer to the detailed instructions available on the left menu bar.

Indicate the frequency in which the CoC or HMIS Lead completes a compliance assessment for each of the following standards:

* Unique user name and password	Annually
* Secure location for equipment	Annually
* Locking screen savers	Annually
* Virus protection with auto update	Annually
* Individual or network firewalls	Annually
* Restrictions on access to HMIS via public forums	Annually
* Compliance with HMIS Policy and Procedures manual	Annually
* Validation of off-site storage of HMIS data	Annually

How often does the CoC assess compliance with HMIS Data and Technical Standards? Annually

How often does the CoC aggregate data to a central location (HMIS database or analytical database)? Monthly

Does the CoC have an HMIS Policy and Procedures manual? Yes

If 'Yes' indicate date of last review or update by CoC: 01/03/2007

If 'No' indicate when development of manual will be completed:

2H. Homeless Management Information System (HMIS) Training

Instructions:

For additional instructions, refer to the detailed instructions available on the left menu bar.

Indicate the frequency in which the CoC or HMIS Lead offers each of the following training activities:

Privacy/Ethics training	Monthly
Data Security training	Monthly
Data Quality training	Monthly
Using HMIS data locally	Monthly
Using HMIS data for assessing program performance	Monthly
Basic computer skills training	Monthly
HMIS software training	Monthly

2I. Continuum of Care (CoC) Point-in-Time Homeless Population

Instructions:

This section must be completed using statistically reliable, unduplicated counts or estimates of homeless persons in sheltered and unsheltered locations on a single night. HUD requires CoCs to conduct a point-in-time count at least every two years during the last 10 days of January - January 22nd to 31st - and requests that CoCs conduct a count annually if resources allow. The last required count was in January 2007. Data entered in this chart must reflect a point-in-time count that took place during the last 10 days of January in 2007 or 2008, unless a waiver was received by HUD.

There are six (6) categories of homeless populations on this form. They are:

Households with Dependent Children - Sheltered Emergency
Households with Dependent Children - Sheltered Transitional
Households with Dependent Children - Unsheltered

Households without Dependent Children - Sheltered Emergency
Households without Dependent Children - Sheltered Transitional
Households without Dependent Children - Unsheltered

For each category, the number of households must be less than or equal to the number of persons. For example, in Households with Dependent Children - Sheltered Emergency, the number entered for ?Number of Households? must be less than or equal to the number entered for ?Number of Persons (adults with children).?

For additional instructions, refer to the detailed instructions available on the left menu bar.

Indicate the date of the last PIT count: 01/29/2008

For each homeless population category, the number of households must be less than or equal to the number of persons.

	Households with Dependent Children			
	Sheltered	Transitional	Unsheltered	Total
	Emergency			
Number of Households	197	385	176	758
Number of Persons (adults and children)	634	1,128	521	2,283
	Households without Dependent Children			
	Sheltered	Transitional	Unsheltered	Total
	Emergency			
Number of Households	885	536	748	2,169
Number of Persons (adults and unaccompanied youth)	917	546	779	2,242
	All Households/ All Persons			
	Sheltered	Transitional	Unsheltered	Total
	Emergency			
Total Households	1,082	921	924	2,927

Ohio Balance of State CoC			COC_REG_v10_000216	
Total Persons	1,551	1,674	1,300	4,525

2J. Continuum of Care (CoC) Point-in-Time Homeless Subpopulations

Instructions:

Enter the number of sheltered and unsheltered adults who belong in each subpopulation category. As in the Homeless Populations chart, this chart must be completed using data from a point-in-time count conducted during the last ten days of January 2007 or January 2008. Only adults should be included in the counts for this chart, except for the Unaccompanied Youth (those under age 18) category. Subpopulation data is required for sheltered persons and optional for unsheltered persons, with the exception of Chronically Homeless.

Complete the following information for the most recent point-in-time (PIT) count conducted using statistically reliable, unduplicated counts or estimates of homeless persons. Completion of the "Unsheltered" column is optional for all subpopulations, except for Chronically Homeless.

	Sheltered	Unsheltered	Total
* Chronically Homeless (Federal definition)	201	163	364
* Severely Mentally Ill	304		304
* Chronic Substance Abuse	363		363
* Veterans	92		92
* Persons with HIV/AIDS	3		3
* Victims of Domestic Violence	320		320
* Unaccompanied Youth (under 18)	21		21

2K. Continuum of Care (CoC) Sheltered Homeless Population & Subpopulation: Point-In-Time (PIT) Count

Instructions:

Separately calculate and enter the percentage of emergency shelter and transitional housing providers that provided data for the Homeless Population and Subpopulation charts. For example, if 9 out of 12 transitional housing programs provided point-in-time data, enter 75%. If all providers for a program type contributed data, enter 100%.

For additional instructions, refer to the detailed instructions available on the left menu bar.

Annually (every year); Biennially (every other year); Semi-annually (every six months)

How often will the CoC conduct a PIT count? Annually

Enter the date in which the CoC plans to conduct its next annual point-in-time count: 01/27/2009
(mm/dd/yyyy)

Indicate the percentage of providers supplying population and subpopulation data collected via survey, interview, and/or HMIS.

Emergency Shelter providers 100%

Transitional housing providers: 100%

2L. Continuum of Care (CoC) Sheltered Homeless Population and Subpopulation: Methods

Instructions:

Survey Providers:

Providers counted the total number of clients residing in each program on the night designated as the point-in-time count.

HMIS:

The CoC used HMIS to complete the point-in-time sheltered count.

Extrapolation:

The CoC used extrapolation techniques to estimate the number and characteristics of sheltered homeless persons from data gathered at most emergency shelters and transitional housing programs.

For additional instructions, refer to the detailed instructions available on the left menu bar.

**Indicate the method(s) used to count sheltered homeless persons during the last point-in-time count:
(Select all that apply):**

Survey Providers:	<input checked="" type="checkbox"/>
HMIS:	<input checked="" type="checkbox"/>
Extrapolation: (Extrapolation attachment is required)	<input type="checkbox"/>
Other:	<input type="checkbox"/>

If Other, specify:

Describe how the sheltered population data was collected and the count produced. Additionally, comparing your most recent point-in-time count to the last biennial/annual count, describe any factors that may have resulted in an increase, decline or no change in the sheltered count.

HMIS and provider surveys were used to produce the point-in-time (PIT) count. The Steering Committee worked with providers to ensure all sheltered count data was entered in a timely manner and surveys were collected from each local continuum/housing coalition. Data was compared to HMIS for accuracy with follow-up to resolve any discrepancies. Compared to 2007, this year's PIT sheltered count increased by 28.5%. This increase is due largely to an increase of households w/o children across the BOS-an increase of 38.7%. While the total number of households w/children decreased, the actual number of people increased by 19.8% as a result of more persons per household. Factors that contributed to this increase include: the BOS doing a combined, united point-in-time count effort in 2008 with significantly increased and intensive training prior to the count; and more persons seeking shelter/services due to Ohio's high foreclosure rate and continuing difficult economic climate.

2M. Continuum of Care (CoC) Sheltered Homeless Population and Subpopulation Data

Instructions:

HMIS:

Only HMIS used for subpopulation data on sheltered persons (no extrapolation for missing data).

HMIS plus extrapolation:

Extrapolation to account for missing HMIS data and HUD's extrapolation tool completed.

Sample of PIT interviews plus extrapolation:

Interviews conducted with a random or stratified sample of sheltered adults and unaccompanied youth and appropriate HUD extrapolation tool completed.

Interviews:

Interviews conducted with every person staying in an emergency shelter or transitional housing program on the night of the point-in-time count.

Non-HMIS client level information:

Providers used individual client records to provide subpopulation data for each sheltered adult and unaccompanied youth for the night of the point-in-time count.

Other:

CoC used a combination of methods.

For additional instructions, refer to the detailed instructions available on the left menu bar.

Indicate the method(s) used to gather and calculate subpopulation data on sheltered homeless persons (select all that apply):

	HMIS	<input checked="" type="checkbox"/>
	HMIS plus extrapolation:	<input type="checkbox"/>
Sample of PIT interviews plus extrapolation: (PIT attachment is required)		<input type="checkbox"/>
	Sample Strategy:	
	Provider Expertise:	<input checked="" type="checkbox"/>
	Non-HMIS client level information:	<input checked="" type="checkbox"/>
	None:	<input type="checkbox"/>
	Other:	<input type="checkbox"/>

If Other, specify:

Describe how the sheltered subpopulation data was collected and the count produced. Additionally, comparing your most recent point-in-time count to the last biennial/annual count, describe any factors that may have resulted in an increase, decline or no change in the sheltered subpopulation counts, particularly the chronically homeless count.

HMIS and provider surveys were used to produce the point-in-time (PIT) count. The Steering Committee worked with providers to ensure all data was entered in a timely manner and surveys were collected from each local continuum/housing coalition about their PIT sheltered subpopulation count. Data was compared to HMIS for accuracy with follow-up to resolve any discrepancies. Compared to 2007, this year's PIT sheltered subpopulation found 15.5% more chronically homeless persons. Other subsets decreased or had small increases. Factors that may have resulted in the difference include: the BOS doing a combined, united PIT effort in 2008 with significantly increased and intensive training prior to the count resulting in more accurate counting; and increased difficulty in person's ability to obtain and/or maintain housing due to an extended period of poor economic conditions in the Ohio's rural areas resulting in more person meeting HUD's definition of chronically homeless. For youth, much more attention was given to calculate this number than in the previous years resulting in a more accurate reflection of BOS.

2N. Continuum of Care (CoC) Sheltered Homeless Population and Subpopulation: Data Quality

Instructions:

For additional instructions, refer to the detailed instructions available on the left menu bar.

**Indicate the steps used to ensure the data quality of the sheltered persons count:
(select all that apply)**

Instructions:	<input checked="" type="checkbox"/>
Training:	<input checked="" type="checkbox"/>
Remind/Follow-up	<input checked="" type="checkbox"/>
HMIS:	<input checked="" type="checkbox"/>
Non-HMIS de-duplication techniques:	<input type="checkbox"/>
None:	<input type="checkbox"/>
Other:	<input type="checkbox"/>

If Other, specify:

Describe the non-HMIS de-duplication techniques (if Non-HMIS de-duplication was selected):

20. Continuum of Care (CoC) Unsheltered Homeless Population and Subpopulation: Methods

Instructions:

Public places count:

Count conducted based on observation of unsheltered persons without interviews

Public places count with interviews:

Interviewed either all unsheltered persons encountered during public places count or a sample

Service-based count:

Counted homeless persons using non-shelter services based on interviews.

HMIS:

HMIS used to collect, analyze or report data on unsheltered persons.

For additional instructions, refer to the detailed instructions available on the left menu bar.

**Indicate the method(s) used to count unsheltered homeless persons:
(select all that apply)**

Public places count:	<input checked="" type="checkbox"/>
Public places count with interviews:	<input checked="" type="checkbox"/>
Service-based count:	<input checked="" type="checkbox"/>
HMIS:	<input type="checkbox"/>
Other:	<input type="checkbox"/>

If Other, specify:

2P. Continuum of Care (CoC) Unsheltered Homeless Population and Subpopulation - Level of Coverage

Instructions:

Complete coverage:

Every part of a specified geography (e.g. entire city, downtown area, etc.) is covered by enumerators.

Known locations:

Counting in areas where unsheltered homeless people are known to congregate or live.

Combination:

Conducting counts for every block in a portion of the jurisdiction (e.g. central city) AND conducting counts in other portions of the jurisdiction where unsheltered persons are known to live.

For additional instructions, refer to the detailed instructions available on the left menu bar.

Indicate the level of coverage of the PIT count of unsheltered homeless people: Complete Coverage and Known Locations

If Other, specify:

2Q. Continuum of Care (CoC) Unsheltered Homeless Population and Subpopulation - Data Quality

Instructions:

For additional instructions, refer to the detailed instructions available on the left menu bar.

Indicate the steps used by the CoC to ensure the data quality of the unsheltered persons count. (select all that apply)

Training:	<input checked="" type="checkbox"/>
HMIS:	<input type="checkbox"/>
De-duplication techniques:	<input checked="" type="checkbox"/>
Other:	<input type="checkbox"/>

If Other, specify:

Describe the techniques used to reduce duplication.

Duplication is reduced in the BOS by several means including a much greater emphasis on training and necessary follow-up. Within each rural community, training is focused to keep duplication to a minimum. This is accomplished by having sufficient counters to compress the count into a smaller time frame (3 hours instead of 8) and having counters limited to specific areas using mapping of known and suspected areas. Additionally, the use of some form of unique identifier reduces the risk for duplication. This identifier is decided on by the local providers since they know their population best. Lastly, some communities are using unsheltered information collected during the count to compare against HMIS data; thereby, ensuring that duplication does not exist.

Describe the CoCs efforts, including outreach plan, to reduce the number of unsheltered homeless households with dependent children.

From both the prevention and intervention perspectives, the BOS is attempting to reduce unsheltered homeless households with dependent children. Outreach to local school districts and youth-serving programs is being utilized to help providers identify homeless families sooner and intervene in a more timely manner. On a policy level, state agencies are modifying various applications to streamline the process to access benefits/services and to use a single screening tool. Ohio Benefit Bank counselors are available throughout the state to determine possible eligibility for benefits that will increase resources to vulnerable families. With additional resources such as food stamps, childcare, earned income tax credits or health care, families can often maintain housing. Across the BOS, more attention and resources are being targeted to prevent families from even becoming homeless. In 2007, Ohio began a family homelessness pilot program, using dedicated state funds to assist families, at risk of literal homelessness, remain in their homes.

Describe the CoCs efforts to identify and engage persons routinely sleeping on the streets and other places not meant for human habitation. Additionally, comparing your most recent point-in-time count to the last biennial/annual count, describe any factors that may have resulted in an increase, decline or no change in the unsheltered population (especially the chronically homeless and families with children).

The BOSCoC provides extensive training to communities to engage homeless people in a variety of settings. These settings include: streets, parks, alleys, parking ramps, parts of the highway systems, transportation depots and other parts of transportation systems (e.g., railroad cars), all-night commercial establishments (e.g., movie theaters, laundromats, stores, restaurants), abandoned buildings, building roofs or stairwells, chicken coops, and other farm outbuildings, caves, campgrounds, vehicles, and other similar places. In addition, the distribution of flyers and resource guides to popular areas (government buildings, municipality social areas, storage units, laundromats, gas stations, churches, social agencies, police/fire stations, etc.) helps to educate persons who do not utilize the sheltering system but do use other services in the community. In an effort to thoroughly reach families that often sleep in campers or campgrounds in the rural parts of the state, the BOS encourages communities to work with local school districts to distribute the School District Residence Survey to all students as a way to engage homeless families. Of course, with a large geographic area such as the BOS, depending on local residents to help providers identify those in need is a must. To this end, the BOS assists local communities in developing strong relationships with businesses and government to keep the lines of communication open so that concerned citizens can assist in the identification of those who may be in need. Compared to 2007, this year's PIT found 15.5% more CH. This is the only subpopulation information that was consistently collected. Factors that may have resulted in the difference include: the BOS doing a combined, united PIT effort in 2008 with significantly increased and intensive training prior to the count resulting in more accurate counting and increased difficulty in person's ability to obtain and/or maintain housing due to an extended period of poor economic conditions in the Ohio's rural areas.

Document Description:

3A. Continuum of Care (CoC) 10-Year Plan, Objectives and Action Steps

Click on the icon and add requested information for each of the national objectives.

Objective
Create new PH beds for chronically homeless persons
Increase percentage of homeless persons staying in PH over 6 months to at least 71.5%
Increase percentage of homeless persons moving from TH to PH to at least 63.5%
Increase percentage of homeless persons employed at exit to at least 19%
Decrease the number of homeless households with children

CoC 10-Year Plan, Objectives and Action Steps Detail

Instructions:

Provide local action steps and measurable achievements for attaining each of the five national HUD objectives listed, as part of the goal to end chronic homelessness and help to move families and individuals into permanent housing.

For additional instructions, refer to the detailed instructions available on the left menu bar.

Select Objective: Create new PH beds for chronically homeless persons

Objectives to End Chronic Homelessness and Move Families and Individuals to Permanent Housing

2008 Local Action Steps

List local action steps for attaining this objective within the next 12 months. Also, in the "Lead Person" column, identify the title of one person responsible for accomplishing each action step and the organization which they represent.

		Lead Person
Action Step 1	Create 20 new PH beds for chronically homeless persons through new S+C projects	Managing Director, COHHIO
Action Step 2	Identify 3 BOSCOG communities underserved by PH for chronically homeless persons, and begin creation of PH development plan for the CoC	Managing Director, COHHIO
Action Step 3	Have 2 existing permanent housing programs designate at least 10% of their beds to those who are chronically homeless	Managing Director, COHHIO

Proposed Numeric Achievements

	%/Beds/Households
Baseline (Current Level)	71
Numeric Achievement in 12 months	91
Numeric Achievement in 5 years	141
Numeric Achievement in 10 years	200

3B. Continuum of Care (CoC) Discharge Planning Protocols: Level of Development

Instructions:

Pursuant to the McKinney-Vento Act, to the maximum extent practicable, persons discharged from publicly funded institutions or systems of care should not be discharged into homelessness. For each system of care, the CoC should indicate the level of development for its discharge planning policy.

For additional instructions, refer to the detailed instructions available on the left menu bar.

Foster Care Discharge Protocol: Formal Protocol Implemented
Health Care Discharge Protocol: Formal Protocol Implemented
Mental Health Discharge Protocol: Formal Protocol Implemented
Corrections Discharge Protocol: Formal Protocol Implemented

3C. Continuum of Care (CoC) Discharge Planning Protocols: Narratives

For each system of care describe the discharge planning protocol. For additional instructions, refer to the detailed instructions available on the left menu bar.

Foster Care Discharge

For Protocol Implemented, provide a summary of the formal and specific protocol, plan, process or policy that has been agreed upon.

Must attach protocol copy. Go to 3D.Discharge Planning Attachments page

Each public childrens service agency (PCSA) shall provide appropriate services and support to former foster care recipients. The services and supports are to compliment the young adults own efforts and shall be available until the young adults twenty-first birthday. Independent living services that are available to young adults aged eighteen to twenty-one include: daily living skills, assistance in obtaining a diploma or GED, entering post secondary education or training, career exploration, vocational training, job placement and retention, preventative health activities, financial, housing, employment, education and self-esteem counseling, drug and alcohol abuse prevention and treatment. An agency may use up to 30% of its federal IL allocation for room and board for the emancipated youth up to age 21, which includes assistance with rent, deposit, utilities, or utility deposits. Each countys protocol may be different as Ohio is a state supervised, county administered state. If a child is 16 years or older and is likely to remain in care the agency must have a written independent living plan to achieve self-sufficiency developed within thirty days of the completion of an assessment. The plan should be based upon the assessment and include input from the youth, the youths case manager, the caregiver, and significant others in the youths life. The independent living plan should be reviewed at least every ninety days thereafter until the agencys custody is terminated.

Health Care Discharge

For Protocol Implemented, provide a summary of the formal and specific protocol, plan, process or policy that has been agreed upon.

Must attach protocol copy. Go to 3D.Discharge Planning Attachments page

Health Care: The Ohio General Assembly has enacted laws governing the transfer and discharge of residents in nursing homes (NHs) and residential care facilities (RCFs) [Ohio Revised Code (ORC) section 3721.16], adult care facilities (ACFs) [ORC section 3722.14], and community alternative homes (CAH)[ORC section 3724.10]. As the licensing agency for these facilities, the Department of Health promulgated Chapter 3701-16 of the Ohio Administrative Code (OAC) that further expounds on the transfer and discharge rights of NH and RCF residents and OAC rules 3701-20-24 (ACF) and 3701-16, 23 (CAH). The Department ensures that these provider types follow the appropriate regulations regarding transfer, discharge, or both, by reviewing documentation that the facility has initiated discharge planning and that alternatives have been explored and exhausted prior to discharge.

Although Ohio does not license hospitals, ODH as the State Survey Agency for Medicare, surveys hospitals for compliance with Medicare certification regulations related to resident discharge rights 42 CFR 482.13 and discharge planning, 42 CFR 482.43, which establish hearing rights for premature discharge and requirements for planning for patients needs after discharge.

Mental Health Discharge

For Protocol Implemented, provide a summary of the formal and specific protocol, plan, process or policy that has been agreed upon.

Must attach protocol copy. Go to 3D.Discharge Planning Attachments page

It is the policy of Ohio Department of Mental Health that homeless shelters are not appropriate living arrangements for persons with mental illness. Patients being discharged from ODMH Behavioral Health Organizations (BHO)/Hospitals are not to be discharged to a shelter or to the street.

Community Support Network (CSN) programs are required to have appropriately approved emergency housing plans in place in the event their clients undergo unexpected residential change. These entities, in conjunction with the responsible or contracting Board or agency, must exhaust all reasonable efforts to locate suitable housing options for patients being discharged. Patients in ODMH BHO shall not be discharged to homeless shelters and clients in an ODMH CSN program shall not be removed or relocated from community housing options to homeless shelters unless the responsible board or contract agency has been involved in the decision making process and it is the expressed wish of the affected person and other placement options have been offered to the affected person and refused. When a discharge or relocation to a homeless shelter occurs under these guidelines, the reasons shall be thoroughly documented in the persons chart and reviewed via the BHO's quality improvement process. Persons may not be discharged or relocated to homeless shelters for the convenience of staff, as a punitive measure, or for expediency. ODMH BHO policies shall be consistent with this directive.

Corrections Discharge

For Formal Protocol Implemented, provide a summary of the formal and specific protocol, plan, process or policy that has been agreed upon.

Must attach protocol copy. Go to 3D.Discharge Planning Attachments page

Ohio Department of Rehabilitation and Correction policy is to not discharge persons to the streets or a shelter. Reentry planning addresses an offenders needs, linkages to the community and appropriate supervision activities subsequent to release.

Prior to release, case managers assist in determining potential housing options for release; review with the offender, the need for appropriate documents and assist in acquiring those documents; and make appropriate community linkages for offenders with substance abuse, mental health diagnoses and medical concerns. Case managers finalize housing and transportation plans and secure transportation, if needed. All plans for final release are documented in the offenders reentry plan. Offenders are offered release preparation classes to address job search and retention, resume writing, interviewing skills, community resources, and substance abuse, mental health and medical issues.

The Ohio Department of Youth Services' (ODYS) policy is to return all youth to their home, if possible. Alternatives include placement with extended family, foster care, independent living, etc. Transition/release planning for all youth begins within 60 days of admission to an ODYS facility and continues for the duration of commitment. For those youth who are committed to ODYS until a date equal to or near their 21st birthday, transition/release planning requires a formal case staffing process to begin one year prior to release.

3E. Continuum of Care (CoC) Coordination

CoCs should coordinate, as appropriate, with any existing strategic planning groups to assess the local homeless system and identify shortcomings and unmet needs. Answer the following questions regarding coordination in the CoC.

Does the CoC's Consolidated Plan include the CoC strategic plan goals to address homelessness and chronic homelessness? Yes

If yes, briefly list a few of the goals included in the Consolidated Plan:

Continue to provide economic development assistance tied to creation of jobs for lower income persons.
Support the services and facilities necessary to maintain a decent quality of life for area residents.
Office of Housing and Community Partnerships and Ohio Housing Finance Agency will undertake educational efforts aimed at informing communities about affordable housing, particularly describing how affordable housing projects can be an asset to a community.
HMIS training will be provided in small group settings with OHCP staff or with COHHIO.
Prevent homelessness and address immediate threats to health and safety caused by emergency housing issues. Assist 484 households with Emergency Assistance.
Transition homeless individuals and families from shelters to appropriate non-emergency housing opportunities as soon as possible and feasible.
Move homeless families and persons into permanent housing situations.

Within the CoC's geographic area, is one or more jurisdictional 10-year plan(s) being developed or implemented (separate from the CoC 10-year plan)? Yes

Does the 10-year plan include the CoC strategic plan goals to address homelessness and chronic homelessness? Yes

If yes, briefly list a few of the goals included in the 10-year plan(s):

Educate at least 150 service providers and 500 consumers about housing options. (Fairfield County)

Increase percentage of homeless persons employed at exit of HUD programs (transitional housing and Shelter Plus Care) to at least 18%. (Licking County)

Develop 30 low demand, permanent supportive housing units with subsidies for those with severe mental illness, severe substance abuse, and/or history of being a domestic violence victim with at least a 25% dedication to homeless disabled population. (Knox County)

Create 20 units of permanent supportive housing. (Fayette County)

Increase percentage of homeless persons staying in PH over 6 months to 71%. (Pickaway County)

3F. Hold Harmless Need (HHN) Reallocation

Instructions:

CoC's that are in Hold Harmless Need status may choose to eliminate or reduce one or more of their SHP grants eligible for renewal in the 2008 CoC competition. CoC's may reallocate the funds made available through this process to create new permanent housing projects or HMIS. Reallocation projects may be SHP (1, 2, or 3 years), SPC (5 years) or Section 8 SRO (10 years). CoC's that are in Preliminary Pro Rate Need (PPRN) status are not eligible to reallocate projects. Reallocated funds cannot be used for Samaritan Housing project(s).

Refer to the NOFA for additional guidance on reallocating projects.

Is the CoC reallocating funds from one or more expiring renewal grant(s) to one or more new project(s)? No

CoC's that are in Preliminary Pro Rata Need (PPRN) status are not eligible to reallocate projects.

4A. Continuum of Care (CoC) 2007 Achievements

Instructions:

For the five HUD national objectives in the 2007 CoC application, enter the 12-month numeric achievements that you provided in Exhibit 1, Chart N of the 2007 CoC application in the first column, "Proposed 12-Month Achievement". Under "Actual 12-Month Achievement" enter the numeric achievement that you CoC attained within the past 12 months that is directly related to the relevant national objective.

Objective	Proposed 12-Month Achievement (number of beds or percentage)		Actual 12-Month Achievement (number of beds or percentage)	
Create new PH beds for CH	10	Beds	20	B e d s
Increase percentage of homeless persons staying in PH over 6 months to at least 71%	81	%	73	%
Increase percentage of homeless persons moving from TH to PH to at least 61.5%	68	%	74	%
Increase percentage of homeless persons employed at exit to at least 18%	36	%	41	%
Ensure that the CoC has a functional HMIS system	63	%	75	%

4B. Continuum of Care (CoC) Chronic Homeless Progress

Complete the following fields using data from the last point-in-time (PIT) count and housing inventory count. For additional instructions, refer to the detailed instructions available on the left menu bar.

Indicate the total number of chronically homeless persons and total number of permanent housing beds designated for the chronically homeless persons in your CoC for each year

Year	Number of CH Persons	Number of PH beds for the CH
2006	383	206
2007	315	225
2008	364	71

Indicate the number of new PH beds in place and made available for occupancy for the chronically homeless between February 1, 2007 and January 31, 2008

Identify the amount of funds from each funding source for the development and operations costs of the new CH beds created between February 1, 2007 and January 31, 2008.

Cost Type	HUD McKinney-Vento	Other Federal	State	Local	Private
Development	\$456,250	\$208,750	\$176,609	\$67,859	\$0
Operations	\$994,293	\$117,370	\$104,400	\$718,223	\$345,250
Total	\$1,450,543	\$326,120	\$281,009	\$786,082	\$345,250

4C. Continuum of Care (CoC) Housing Performance

Using data from the most recently submitted APRs for each of the projects within the CoC, provide information about the CoCs progress in reducing homelessness by helping clients move to and stabilize in permanent housing.

Participants in Permanent Housing (PH)	
a. Number of participants who exited permanent housing project(s)	321
b. Number of participants who did not leave the project(s)	703
c. Number of participants who exited after staying 6 months or longer	245
d. Number of participants who did not exit after staying 6 months or longer	505
e. Number of participants who did not leave and were enrolled for 5 months or less	181
TOTAL PH (%)	73
Participants in Transitional Housing (TH)	
a. Number of participants who exited TH project(s), including unknown destination	797
b. Number of participants who moved to PH	587
TOTAL TH (%)	74

4D. Continuum of Care (CoC) Enrollment in Mainstream Programs and Employment Information

Using data from the most recently submitted APRs for each of the projects within the CoC, provide information about the CoCs progress in reducing homelessness by helping clients access mainstream services and gain employment.

Total Number of Exiting Adults: 1,118

Mainstream Program	Number of Exiting Adults	Exit Percentage (Auto-calculated)
SSI	136	12 %
SSDI	77	7 %
Social Security	34	3 %
General Public Assistance	87	8 %
TANF	45	4 %
SCHIP	16	1 %
Veterans Benefits	13	1 %
Employment Income	454	41 %
Unemployment Benefits	7	1 %
Veterans Health Care	7	1 %
Medicaid	247	22 %
Food Stamps	397	36 %
Other (Please specify below)	67	6 %
No Financial Resources	223	20 %

The percentage values are automatically calculated by the system when you click the "save" button.

4E. Continuum of Care (CoC) Participation in Energy Star and Section 3 Employment Policy

Instructions:

HUD promotes energy-efficient housing. All McKinney-Vento funded projects are encouraged to purchase and use Energy Star labeled products. For information on Energy Star initiative go to: <http://www.energystar.gov>

A "Section 3 business concern" is one in which: 51% or more of the owners are section 3 residents of the area of service; or at least 30% of its permanent full-time employees are currently section 3 residents of the area of service, or within three years of their date of hire with the business concern were section 3 residents; or evidence of a commitment to subcontract greater than 25% of the dollar award of all subcontracts to businesses that meet the qualifications in the above categories is provided. The "Section 3 clause" can be found at 24 CFR Part 135.

Has the CoC notified its members of the Energy Star Initiative? Yes

Are any projects within the CoC requesting funds for housing rehabilitation or new construction? Yes

4E. Section 3 Employment Policy Detail

Is the project requesting \$200,000 or more?: Yes

If Yes to above question, click save to provide activities

**Which activities will the project undertake to ensure that employment and other economic opportunities are directed to low and very low income persons?
(Select all that apply)**

Preference policy for hiring low and very low income persons residing in the service area,
Advertise at social service agencies,
employment/training/community centers, local newspapers, shopping centers, radio, Notify area Youthbuild programs of job opportunities,
Establish a preference policy for Section 3 for competitive contracts >\$100,000

4F. Continuum of Care (CoC) Enrollment and Participation in Mainstream Programs

Does the CoC systematically analyze the APRs for its projects to assess and improve access to mainstream programs? No

If 'Yes', describe the process and the frequency that it occurs.

Does the CoC have an active planning committee that meets at least 3 times per year to improve CoC-wide participation in mainstream programs? Yes

If "Yes", indicate all meeting dates in the past 12 months.

Mainstream Resources Work Group:
October 18, 2007
November 5, 2007
January 23, 2008

Does the CoC coordinate with the State Interagency Council on Homelessness to reduce or remove barriers to accessing mainstream services? Yes

Does the CoC and/or its providers have specialized staff whose primary responsibility is to identify, enroll, and follow-up with homeless persons on participation in mainstream programs? Yes

If yes, identify these staff members Provider Staff

Does the CoC systematically provide training on how to identify eligibility and program changes for mainstream programs to provider staff. No

If "Yes", specify the frequency of the training. Unknown

Does the CoC uses HMIS to screen for benefit eligibility? No

If "Yes", indicate for which mainstream programs HMIS completes screening.

Ohio has another system called "The Benefit Bank" that is being used statewide to screen for benefit eligibility.

Has the CoC participated in SOAR training? Yes

If "Yes", indicate training date(s).

December 2005; August 25-28, 2008

4G: Homeless Assistance Providers Enrollment and Participation in Mainstream Programs

Indicate the percentage of homeless assistance providers that are implementing the following activities:

Activity	Percentage
1. Case managers systematically assist clients in completing applications for mainstream benefits. 1a. Describe how service is generally provided:	81%
<p>Because the Ohio Balance of State Continuum of Care (BOSCO) is comprised of 80 counties, providers systemic processes for assisting clients in applying for mainstream benefits vary somewhat. However, most providers use Individual Service Plans (ISP) to guide review of clients current participation in mainstream benefits programs and to develop goals related to future enrollment in these programs and increasing income/income maintenance. Additionally, many of these providers set an initial goal of completing and submitting the application(s) for benefits by clients second meeting. Some providers make program application forms available on-site, while others use The Ohio Benefit Bank (OBB), a web-based, counselor-assisted program that connects low and moderate-income Ohioans with free income tax preparation and access to potential public benefits. Case managers may help complete and file paper application forms, assist in responding to eligibility/application questions in the OBB, and/or assist clients in securing necessary supporting documentation for their applications. Case managers may also advocate on behalf of consumers to ensure timely application processing, accurate determinations, and filing of appeals as necessary.</p>	
2. Homeless assistance providers supply transportation assistance to clients to attend mainstream benefit appointments, employment training, or jobs.	70%
3. Homeless assistance providers use a single application form for four or more mainstream programs: 3.a Indicate for which mainstream programs the form applies:	29%
WIC, Food Stamps, Medicaid, General Assistance, Ohio Works First, TANF, EITC, Child Care Benefits, Healthy Start, HEAP	
4. Homeless assistance providers have staff systematically follow-up to ensure mainstream benefits are received.	79%
4a. Describe the follow-up process:	
<p>Because the BOSCO is comprised of 80 counties, providers systemic processes for follow-up vary somewhat across the state. Generally though, follow-up includes conferring with clients about status of benefits determinations, contacting benefits office staff to check on pending applications, monitoring relevant ISP goals, and, where appropriate, reviewing application status with other involved Case managers and providers. Follow-up typically occurs on a weekly or monthly basis. Most providers also engage in regular follow-up after clients have left their respective programs to ensure maintenance of benefits. Some conduct regular follow-up for up to one year after a clients departure. Others may be available to clients on a non time-limited basis.</p>	

Questionnaire for HUD's Initiative on Removal of Regulatory Barriers (HUD 27300)

Complete Part A if the CoC Lead Agency is a local jurisdiction (a county exercising land use and building regulatory authority and another applicant type applying for projects located in such jurisdiction or county (collectively or jurisdiction)).

Complete Part B if the CoC Lead Agency is a State agency, department, or other applicant for projects located in unincorporated areas or areas otherwise not covered in Part A.

Indicate the section applicable to the CoC Lead Agency: Part B

Part B - Page 1

State Agencies and Departments or Other Applicants for Projects Located in Unincorporated Areas or Areas Otherwise Not Covered in Part A

1. Does your state, either in its planning and zoning enabling legislation or in any other legislation, require localities regulating development have a comprehensive plan with a "housing element?" If you select No, skip to question 4.	Yes
2. Does your state require that a local jurisdiction's comprehensive plan estimate current and anticipated housing needs, taking into account the anticipated growth of the region, for existing and future residents, including low, moderate, and middle income families, for at least the next five years?	Yes
3. Does your state's zoning enabling legislation require that a local jurisdiction's zoning ordinance have a) sufficient land use and density categories (multifamily housing, duplexes, small lot homes and other similar elements); and, b) sufficient land zoned or mapped in these categories, that can permit the building of affordable housing that addresses the needs identified in the comprehensive plan?	No
4. Does your state have an agency or office that includes a specific mission to determine whether local governments have policies or procedures that are raising costs or otherwise discouraging affordable housing?	Yes
5. Does your state have a legal or administrative requirement that local governments undertake periodic self-evaluation of regulations and processes to assess their impact upon housing affordability address these barriers to affordability?	Yes
6. Does your state have a technical assistance or education program for local jurisdictions that includes assisting them in identifying regulatory barriers and in recommending strategies to local governments for their removal?	Yes
7. Does your state have specific enabling legislation for local impact fees? If No, skip to question 9.	No
8. If you responded Yes to question 7, does the state statute provide criteria that sets standards for the allowable type of capital investments that have a direct relationship between the fee and the development (nexus) and a method for fee calculation?	
9. Does your state provide significant financial assistance to local governments for housing, community development and/or transportation that includes funding prioritization or linking funding on the basis of local regulatory barrier removal activities?	Yes

Part B - Page 2

<p>10. Does your state have a mandatory state-wide building code that a) does not permit local technical amendments and b) uses a recent version (i.e. published within the last five years or, if no recent version has been published, the last version published) of one of the nationally recognized model building codes (i.e. the International Code Council (ICC), the Building Officials and Code Administrators International (BOCA), the Southern Building Code Congress International (SBCI) the International Conference of Building Officials (ICBO), the National Fire Protection Association (NFPA)) without significant technical amendment or modification? Alternatively, if the state has made significant technical amendment to the model code, can the state supply supporting data that the amendments do not negatively impact affordability?</p>	Yes
<p>11. Has your jurisdiction adopted specific building code language regarding housing rehabilitation that encourages such rehabilitation through graded regulatory requirements applicable as different levels of work are performed in existing buildings? Such code language increases regulatory requirements (the additional improvements required as a matter of regulatory policy) in proportion to the extent of rehabilitation that an owner/developer chooses to do on a voluntary basis. For further information see HUD publication: "Smart Codes in Your Community: A Guide to Building Rehabilitation Codes" at http://www.huduser.org/publications/destech/smartcodes.html.</p>	Yes
<p>12. Within the past five years has your state made any changes to its own processes or requirements to streamline or consolidate the state's own approval processes involving permits for water or wastewater, environmental review, or other State-administered permits or programs involving housing development. If yes, briefly describe.</p>	No
<p>13. Within the past five years, has your state (i.e., Governor, legislature, planning department) directly or in partnership with major private or public stakeholders, convened or funded comprehensive studies, commissions, or panels to review state or local rules, regulations, development standards, and processes to assess their impact on the supply of affordable housing?</p>	Yes
<p>14. Within the past five years, has the state initiated major regulatory reforms either as a result of the above study or as a result of information identified in the barrier component of the states Consolidated Plan submitted to HUD? If yes, briefly describe.</p>	No
<p>15. Has the state undertaken any other actions regarding local jurisdiction's regulation of housing development including permitting, land use, building or subdivision regulations, or other related administrative procedures? If yes, briefly list these actions.</p>	No

Continuum of Care (CoC) Project Listing

Instructions:

To upload all Exhibit 2 applications that have been submitted to this CoC, click on the "Update List" button. This process may take several hours depending on the size of the CoC, however the CoC can either work on other parts of Exhibit 1 or it can log out of e-snaps and come back later to view the updated list. To rank a project, click on the icon next to each project to view project details.

For additional instructions, refer to the 2008 Project Listing Instructions on the left-hand menu bar.
